

DRK EVERYDAY COWL KNIT ALONG

SUPPLY LIST • MAY 20, 2023

There is nothing like knitting a pattern that makes you want to start another one right after. This cowl is knit flat, on the bias, and seamed at the back neck to create a cowl that wears like a triangle shawl (with none of the fuss!) This pattern includes sizes for the whole family!

This Knit Along is also our Mad May party. Join us as we sit, knit, and learn the techniques to complete this cowl. We're partnering with Madelinetosh this knit-along for Mad May 2023. That means free patterns are handed out, stickers, and door prizes. There will also be a drawing for everyone who finishes their cowl by August 28th. The lucky winner will receive the Antonia Shankland's Bubble Cowl pattern and a bundle of Madelinetosh yarn to complete it!

This Knit along requires you to purchase the cowl pattern either from [Andrea Mowry's website](#) or [Ravelry](#) before we meet.

All the supplies below are available at In Between Stitches for purchase. We thank you in advance for supporting local Yarn/Quilting shops.

NICOLE VIEIRA

My goal is to help people unlock their creative potential and share all I have learned on my creative journey.

I love to knit, quilt, and paint and recently started designing patterns. My other loves are chocolate, wine, jazz, and all things colorful like fabric, yarn, and paint.

Two of my favorite knitting projects are socks and sweaters, and I have been known to go for a walk and knit simultaneously.

I am a wife, mother, and grandmother to four grandbabies on the home front.
